

Human Rights Watch Refund Policy December 2024

Similar to most charitable organizations, Human Rights Watch considers donations to be both nonrefundable and irrevocable. However, we understand that circumstances may arise where a donation is made in error. In such cases, requests for refunds must be made to donorservice@hrw.org within thirty (30) days of the donation date.

Refund requests for canceled event registrations are granted only in exceptional circumstances and must be made at least seventy-two (72) hours prior to the start of the event.

Refunds will only be issued to the original payment method used.
