

**A rare disease.
A lifelong fight.
A moment to lead.**

THE
LEADERSHIP
CIRCLE

Welcome to **The Leadership Circle** — an exclusive community of donors accelerating cystic fibrosis research, improving care, and expanding access to life-changing treatments.

Leadership Driving Progress

\$3M+

Invested in research over the last year

\$1.2M

Strategic partnership with Genome Quebec to fund genetic therapy research for rare CF mutations.

\$1.7M

Research projects accelerating progress toward longer, healthier lives—backed by Canadians affected by CF.

\$250k

Five seed grants supporting research into new ideas across the country

Lead the Future of Cystic Fibrosis Care in Canada

Cystic Fibrosis Canada's Leadership Circle is made up of visionaries who understand that breakthroughs happen when leaders step forward.

How Leadership Donors Make an Impact:

Groundbreaking Research

Supporting world-class Canadian researchers who are developing better treatments, improving quality of life, and paving the way for future breakthroughs.

Access to Medications

Advocating for fair, timely, and universal access to CF therapies, ensuring no one is left behind due to where they live or their circumstances.

Programs and Support

Providing resources, mental health support, and peer connections to individuals and families affected by CF — empowering them to live without limits.

Your gift doesn't just fund programs. It fuels hope, possibility, and life-changing results.

Your leadership matters now.

Cystic fibrosis is no longer just a childhood disease. Advances in research, advocacy, and drug access have extended and improved lives. Yet, many Canadians with CF still face serious health challenges, especially those with rare mutations who lack effective therapies or age-related conditions. Without continued investment, progress stalls and care gaps widen. Your leadership helps close those gaps—fueling innovation, improving care, and giving every person with CF the chance to live fully.

“There’s this whole new generation of people with CF who are getting a second chance at life. And you’re watching from the outside - still living with the same disease, but on a completely different path. We’re closer than ever - but now we’re facing the most complex group to treat. We can’t let people like me get left behind.”

- Teresa , living with a rare mutation of CF.

“Your leadership gift is driving real change for Canadians with cystic fibrosis—through advocacy, care, research, and community support. Thanks to your generosity, we’re moving toward a future where everyone with CF can live without limits.”

- Kelly Grover, President & CEO, Cystic Fibrosis Canada

Lead the way

Join the Leadership Circle with a gift of \$5,000 or more and become part of an exclusive community driving change for people living with cystic fibrosis.

Membership Benefits Include

- Exclusive Impact Updates
- Special Access to top researchers
- Recognition
- A Personal Connection
- Priority Access to Information
- Invitations to Exclusive Regional and Virtual events

Join today and stand with the CF community in the fight for tomorrow.

The Need Has Never Been Greater

We are in a defining moment for cystic fibrosis care in Canada. New treatments are emerging, research is advancing, and with your leadership, we can ensure no one is left behind.

THE
LEADERSHIP
CIRCLE

To learn more about The Leadership Circle please contact leadershipgiving@cysticfibrosis.ca or 1-800-378-2233.

Thank you for being a leader in the CF Community. Together, we can transform the future for Canadians living with cystic fibrosis.
