THIS TEAM BUILDER IS RIGHT UP YOUR ALLEY

ABOUT BIG BROTHERS BIG SISTERS OF NORTHEAST INDIANA

Quite simply, we create and support life-changing friendships for children facing adversity by pairing them with a caring, adult mentor. We currently serve more than 1,100 children in our service area.

When a Little is paired with a Big, great things happen!
Last year:

- 71% of Littles improved their grades
- 91% of Littles graduated from high school
- 65% of Littles report higher self-esteem

Most importantly, Littles in the BBBS program report having higher aspirations because of their relationship with their Big. This means that for BBBS Littles, the possibilities are endless and their futures have never been brighter.
