

# Week Five Challenge: Creation Station

## Let it snow—in summer!

### Steps

1. Start with a white square of paper. Fold it diagonally in half, and then in half again; it should now be a triangle.
2. Divide your paper triangle into three equal parts. Then, fold the left section in to the middle and fold the right section over the left.
3. Cut along the horizontal line made by the top fold
4. Then, cut out random shapes from your paper triangle. Be as creative and wacky as you like!
5. Unfold your snowflake masterpiece! You can use fishing line to hang yours together with your friends' to make a winter wonderland in summer!
6. Don't forget to snap a picture or video of your winter wonderland and share on social media with #CampOut, tagging @campoochigas and @camptrillium!
