ENTERTAINMENT

The Washboard Union, composed of step-brothers Aaron Grain, Chris Duncombe and their best friend David John Roberts, have carved their place as one of Canada's top country bands.

Some of the band's many successes include over 81 million streams, 380,000 radio spins, one Platinum and four Gold-certified singles in Canada, nine Top 10 hits, and an awe-inspiring 35+ total award wins including JUNO and CCMA Awards.

"Gather Round" follows Washboard's recent releases "Sometimes You Don't Need A Plan" and "I Run On Country", which was at #13 at Canadian country radio, and has nearly 2 million streams. The Washboard Union were recently nominated for a 2023 CCMA Award and have festival shows in Canada and the US.

BUILT BY THE COMMUNITY, FOR THE COMMUNITY

The audience at Field of STARS will be leaders in their agriculture community from across Western Canada. By sponsoring the event or donating your products, your company will be showcased to your target audience. Attendees will include farm leaders, agriculture executives, government officials, agriculture services, supply and manufacturing companies, media and STARS patients and crew.

Furthermore, your support will directly benefit STARS, which has fought for the lives of people working in agriculture across Western Canada since 1985.

This is a rewarding way to engage with your clients, employees, their families and to support to your community.
