

SVP "Door hangers of Hope"

This year we are writing to MPs to say we are pleased that a really important change has been made, temporarily, that gives refugees extra time to find a safe space and be settled. We want MPs to know this is a huge sign of hope, and we would love to see this made a permanent policy. This is **"A Time for Hope"** for everyone as changes have already taken place, but we need this to be made permanent.

Send your own message of Hope to your MP

This is your chance to share with your MP what you are doing to bring hope to others and what you will promise to do today to bring hope too. These door hangers can then be sent alongside the letter to your MP.

Practise what you want to write below, and then copy it neatly onto your "Door hanger of Hope".

DOOR HANGER OF HOPE

I bring hope to others by...

Write down the acts of kindness you do as Mini Vinnie.

I promise to bring hope today by...

Write down one action you will take today to bring hope to others.
