

Vincentian Bracelets

What better way to share kindness with another person than to take the time to create a Vincentian bracelet? You are choosing beads that represent the wonderful things about that person who will receive it.

Your mission

- Make a bracelet for a friend.
- Share with your group why you have picked certain colours. Why not use some letters too to personalise it?
- When finished, gift them!

 There are heaps of good things I see in you, so keep this bracelet to remind yourself too!
