

PHOTO CONSENT: INDIVIDUAL

The charity, the St Vincent de Paul Society would like to record still and/or moving images of you for use in the promotion of its activities. Your image will be stored on our digital systems and may appear in its original or edited format in our printed publications, videos, websites, or on all three, without limitation of time or geography. We may also use these images still and/or moving in the Catholic press and within Catholic networks to promote the work of the SVP.

We will not use the images taken, or any other information you provide, for any purpose other than that described above, and we will not include more than three identifying features where people under the age of 18 are concerned. E.g. face, first name and school.

To comply with Data Protection regulations, we need your consent before we take any photographs or make video recordings of you.

If you are happy to give your consent for your child’s image to be used and you are the parent or guardian, please read the following statement, then sign and date this form to indicate your agreement. The same applies if the individual is believed not to have the capacity to make an informed decision for themselves.

I hereby give permission to the St Vincent de Paul Society to record still and/or moving images or audio recordings of me for use in the promotion of its activities and for the purposes described above. I understand that no fee or royalty is payable in respect of the use of my image now or in the future.

We may wish to use your image in any of the following ways (please tick one or both boxes):

- A photograph or photographs that may be used in printed publications, social media (e.g. Facebook) and/or websites.
- A video that may be shown on social media (e.g. YouTube), websites and/or shown at an event.

Name of person(s) in imageDate of Birth.....

Address

Parent/legal guardian’s name (if applicable)

Signature Date

School Name and town

SVP will process your personal data in accordance with the requirements of the General Data Protection Regulation. For full information about our data processing, please see our website at www.svp.org.uk/privacy-policy

SVP Policy on processing data of Children

1. The Processing of Personal Data relating to children is considered to be high risk and must be undertaken in accordance with the legislation and the provisions of the DPA 2018.
2. Children need particular protection when you are collecting and Processing their Personal Data because they may be less aware of the risks involved. This is especially relevant to SVP as the majority of its beneficiaries are children.
3. SVP is required to think about the need to protect children in all of its Processing activities and design its systems and processes with this in mind. In particular it is important that the principles of fairness are applied to the Processing of a child's Personal Data.
4. Generally, in Processing the Personal Data of children it is best to apply a principle other than consent to the lawfulness of any Processing. If consent is the basis of the Processing in the UK children aged 18 or over are able to provide their own consent. Prior to 18 a parent is required to give consent on their child's behalf. In certain circumstances, consent may need to be supported by the parents even if the child is over the age of 18.
5. SVP has designed its systems so that consent is obtained from the child they are supporting and their parents. Generally Processing of children's data will only take place where there is no other alternative.
6. SVP does not use children's Personal Data for marketing purposes or creating personality or user profiles, if changes are proposed, a DPIA will be required.
7. SVP shall not usually make decisions based solely on automated Processing about children.
8. SVP has written clear privacy notices for children so that they are able to understand what will happen to their Personal Data, and what rights are available to the children.
9. Children have the same rights as adults over their Personal Data. These include the rights to access their Personal Data; request rectification; object to Processing and have their Personal Data erased.
10. An individual's right to erasure is particularly relevant if they gave their consent to Processing when they were a child. However, as in most the child's Personal Data was not Processed on the basis of a contract or legitimate interests, it is unlikely that this will be much of an issue for SVP.
